ABOUT ME

As a Computer Science undergraduate, I am eager to secure a Computer Science internship where I can apply my passion for crafting innovative and user-friendly applications. With proficient knowledge in both front-end and back-end technologies, I am enthusiastic about contributing my skills to collaborate within a dynamic team and deliver impactful solutions.

PROJECTS

Traffic Data Analysis — Python

University of Westminster

Tech: Python

- Developed a **Python-based system** to analyse and manage real-world traffic records.
- Implemented data handling functions to **store, update, and process traffic information**.
- Used Python logic to interpret traffic patterns and generate structured outputs.

Quality Education Web Page — HTML, CSS, JavaScript

University of Westminster

Tech: HTML, CSS, JavaScript

- Designed and built a **responsive educational web page** promoting SDG Goal 4: Quality Education.
- Created a visually appealing layout using **HTML & CSS** with clean structure and modern styling.
- Added interactive components using **JavaScript** to enhance user engagement.

AgriVora – Plant Recommendation Mobile App (SDGP Project)

University of Westminster

Tech: Flutter, Fast API, Python (ML), Firebase

- Developed **AgriVora**, a mobile app that recommends suitable plants/crops based on **soil properties, pH, GPS, and weather data**.
- Built front-end screens using **Flutter** with modern UI components.
- Integrated app with backend API powered by **FastAPI + Python machine learning models**.

Plane Ticket Booking System: Individual Project

University of Westminster

Tech: Java

- Developed a **Java** console-based application for airline seat reservation and ticket management.
- The system allows users to search for available flights, choose seats and confirm bookings efficiently.
- The program generates a ticket containing essential details such as passenger name, flight number, departure and arrival locations

SKILLS

Programming languages	Python Java HTML JavaScript CSS MySQL
Software tools	Figma VS Code GitHub
Non-technical skills	Problem solving Team Management Critical Thinking Time management Creativity Leadership Skill
Languages	English Tamil Sinhala

EDUCATION

BEng (Hons) Computer Science (2024 - Present)

Informatics Institute of Technology,
Affiliated with University of Westminster, UK

Secondary Education (2011 - 2023) St. John's College, Jaffna.

- G.C.E. Ordinary Level Examination - **Completed** with 5As and 4Bs
- Foundation Program - **Completed** Half Foundation in Informatics of Institute Technology

LEADERSHIP EXPERIENCE

Informatics Institute of Technology

- Member of Students' Union of Informatics Institute of Technology (Finance team) 2025/2026
- Treasurer of Narunthingal Committee 2026

St. John's College, Jaffna.

- Senior Prefect of St. John's college 2023
- Prefect of Junior school 2018
- Prefect of Senior school 2019
- Prefect Middle School 2015
- Assistant Secretary of Tamil Union 2023
- Member of Hindu Union 2023

EXTRACURRICULAR ACTIVITIES

- As a member of the Students' Union, I have initiated and coordinated various events such as Stagecraft 2026
- Won All island Carnatic instrumental Competition five times continuously (2017-2023)
- Volunteered for Iftar 2025, organized by the Iftar Committee of Informatics Institute of Technology.
- Participated as Volunteer of Narunthingal 2025, organized by Narunthingal Committee of the Informatics Institute of Technology.
- Senior Prefect of St. John's College during Bicentennial year

CERTIFICATIONS

- Participated in Hult Prize
- Participated in Codesprint
